Alert Impact — Value Report · Q4 FY2024-25 (Jan-Mar 2025) · Figures in Full

No alerts acted on during this period.

ALERTS ACTED ON	IMPROVEMENT RATE	RISK AT STAKE	DIDN'T STICK
0	—	Rs. 0.00	0

About this report. The numbers above show **correlation** between each alert being acted on and the metric the rule tracks moving in a subsequent period — not strict causation. Action notes were captured by the user at resolve time and are shown verbatim. Rules without a mapped metric are listed in the “also acted on” section. Generated by Finance Control Console on 25 Apr 2026, 17:55. Figures in Full.
